

AMEEN ZANGANA

Graphic Designer | 3D Product Visualizer | AI Workflow Automation Specialist

Kirkuk, Iraq | +964 771 954 1390 | ameenshkur@gmail.com | LinkedIn: Ameen Zangana | Portfolio: ameenshkur.github.io

PROFESSIONAL SUMMARY

Graphic designer and 3D product visualizer with experience creating branded visuals, product imagery, motion graphics, AI-assisted visual production, and automation workflows. Skilled in combining design, 3D rendering, motion graphics, Python, and AI tools to produce high-quality creative work faster and at scale. Experienced in real estate, fragrance, cosmetics, Kurdish publishing, and large-screen anamorphic video projects, with remote collaboration across regional teams.

CORE SKILLS

Design: Photoshop, Illustrator, InDesign

3D & Motion: Blender, After Effects

AI Tools: ChatGPT, Claude, Gemini

Coding & Automation: Python, Django, Flask, HTML/CSS, JavaScript

Disciplines: Brand & Visual Design, Product Visualization, 3D Animation & Rendering, Motion Graphics, Anamorphic Video, AI Workflow Automation, Creative Tool Development, Video Editing, Translation & Subtitling

SELECTED ACHIEVEMENTS

- Featured on Nogat Baghdad, Baghdad's largest anamorphic screen.
- Contributed design work to a Kurdish dictionary endorsed by the Kurdish Language Academy in Erbil.
- Built custom Python, Flask, and browser-based tools for batch creative production tasks.
- Independently manage the Kirkuk project office for the Emerald City real estate development.

PROFESSIONAL EXPERIENCE

Graphic Designer & Project Office Coordinator

Hassarost General Contracting LLC | Emerald City Project | Kirkuk | 2023 - Present

- Independently manage the Kirkuk project office, combining graphic design, client communication, expense tracking, and daily operational follow-up for the Emerald City real estate development.
- Produce branded promotional visuals, videos, and digital content used across the project's official platforms and client-facing communication.
- Support management with organized documentation, reporting, and office coordination across creative and operational tasks.

Graphic Designer & AI Workflow Automation Specialist

Royal Smells Perfumes | Remote Part-time | 2024 - Present

- Designed product visuals, carousel posts, B2B graphics, and Arabic/English marketing assets for Royal Smells' fragrance products.
- Built custom Python, Flask, and browser-based tools for Arabic text overlays, batch image processing, catalogue preparation, and repeated design tasks.
- Used ChatGPT, Claude, and Gemini to speed up copywriting, prompt writing, visual planning, product descriptions, and creative workflow decisions.
- Created automation workflows that helped produce large batches of product content faster with less manual editing and exporting.

3D Artist & Motion Designer

Baghe Khatina Cosmetics | Remote | 2025 | Project-based

- Created 3D cosmetic product visuals and motion videos for client campaigns and promotional content.
- Modeled, textured, lit, and animated product scenes in Blender for polished visual presentations.
- Co-produced two anamorphic videos for Nogat Baghdad in collaboration with UAE-based artist Hadeel Al Azzawi.
- Produced a standalone Ramadan anamorphic video commissioned directly by Nogat Baghdad and approved by the company's management.
- **Featured on Nogat Baghdad - Baghdad's largest anamorphic screen**

Graphic Designer & Kurdish Educational Design Collaborator

Diyako Hashemi | Official Supervisor of Kurdish Dictation at the Kurdish Language Academy | 2023 | Project Collaboration

- Designed Kurdish-language educational visuals, social media materials, and language-focused content for Diyako Hashemi's public work.
- Created graphic design and layout work for Kurdish linguistic, educational, and publishing-related projects.
- Contributed design work to a Kurdish dictionary endorsed by the Kurdish Language Academy in Erbil.
- The dictionary's final quality and reception helped it sell 400 copies on release day and receive public recognition from the Kurdish Language Academy.
- **Kurdish dictionary sold 400 copies on release day**
